Communist China - Congo (Brazzaville): Peiping continues to strengthen its position in Brazzaville.

Last week, President Massamba-Debat indicated he will visit Communist China later this month in his first formal tour outside Africa since he came to power a year ago. Massamba may be accompanied by a number of his top military officers.

On 3 September, a Chinese vessel delivered a shipment of munitions to the Congolese military.

The Chinese have been especially active in cultivating the more extreme elements of the Brazzaville regime, which have become increasingly influential in recent months. A virulently anti-Western weekly, which is the mouthpiece for the dominant leftist clique, is being subsidized by Peiping.

Peiping recently leased a new three-story office-apartment building in Brazzaville to house its growing corps of resident representatives.

The Chinese are reported to have made available to Massamba's government about a quarter of the \$2-million cash portion of the \$5-million loan they extended in July.

NOTES

25X1

MLF-Disarmament: Suggestions by the UAR and India that negotiations on the NATO Multilateral Force (MLF) be suspended pending further efforts to achieve agreement on nonproliferation of nuclear weapons are picking up support at the Geneva disarmament conference. The Soviet and other bloc delegations are commenting favorably on these proposals, which also have wide appeal among the other neutrals. The "nonaligned" conference, which opens in Cairo on 5 October, may produce a draft resolution along these lines for presentation to the UN General Assembly.

25X1

Vatican-Hungary: On 15 September a limited agreement between the Vatican and Hungary was signed in Budapest. Pope Paul VI immediately announced the appointment of new bishops, who are expected to attend the Ecumenical Council now in session in Rome. The partial accord, the first formal agreement between the Vatican and a Communist state, is a major step in the improvement of Vatican-Hungarian relations. There was, however, no resolution of the problem of Cardinal Mindszenty, still in the US legation in Budapest.
